

Who is SCCUDD?

The Schuyler County Coalition on Underage Drinking and Drugs (SCCUDD) is a group of concerned adult and youth community members, businesses, schools, and agencies who want to make a positive impact on the lives of our youth by reducing underage alcohol and substance use.

Anyone who wants to help reduce youth substance use in the community can join!

SCCUDD

was formed in April 2006 after a public health survey showed the #1 concern among Schuyler County residents was alcohol and drug use.

Did you know?

Parents are one of the main reasons young people decide not to drink.

So what?

Talk to your kids early and often—before they start drinking alcohol—about the consequences of underage drinking and why you disapprove. It may not seem like it, but they are listening.
